

Spirit Telecom has an employment opportunity in Columbia, SC for a **.Net Developer**. Spirit is owned by 11 independent and cooperative telephone companies in South Carolina and is at the heart of the communications network industry in the Southeast. Spirit offers innovative business solutions, including Voice, Data and Internet services to a cross section of businesses, government agencies and healthcare organizations throughout the Southeast. Headquartered in Columbia, South Carolina, Spirit Telecom is a leader in developing state-of-the art products backed by exceptional customer service.

The .Net Developer position candidates must have three years of previous .NET Framework experience and recent hands-on experience developing in .NET 3.5. Development will require ASP.NET UI, Middle-tier (C# and Web Services) expertise and advanced back-end development skills creating SQL Server Databases 2000/2005 stored procedures, tables, triggers, etc.

## **MINIMUM QUALIFICATIONS**

- At least 3 years experience in understanding relational database models and developing database queries.
- At least 3 years experience (designing, developing) complex solutions (n-tiered, multi-layered) using ASP.NET and related Microsoft technologies.
- At least 3 years experience in technical writing and documentation.
- At least 2 years experience in designing/developing SOA based frameworks and architecture (preferably .Net Web Services).
- At least 3 years experience in designing/developing solutions using .NET 2.0 or above.
- At least 1 year experience in designing/developing solutions using .NET 3.0 or above.
- At least 1 year experience in designing/developing solutions using ASP.NET AJAX.
- 3+ years of experience in MS SQL 2000/2005.
- Prior hands on experience with Design Patterns, Application blocks, XML, and Reporting (crystal reports).
- Must have excellent interpersonal and communication skills (written and verbal).

## **DESIRED QUALIFICATIONS**

- Four year degree in a computer software related field, equivalent work experience, or a combination thereof.
- Background with telecom companies is preferred.
- Website design experience is a plus.
- Experience with multi-tier, multi-layered web architecture solutions for commercial web sites.
- Experience in Microsoft Visual Studio Team System.
- Experience in XML, XSLT, XPATH.

- Experience in automated unit testing using either unit or Visual Studio Team System unit test.
- Experience with LAMP development is a plus.
- Experience with Web 2.0 is a plus.

Spirit Telecom offers an excellent benefits package including: health, dental, vision, prescription card, life, STD, LTD, matching 401(K), and retirement. Salaries are commensurate with experience.
