

OVERVIEW

SPIRIT

Spirit recognizes technology for healthcare providers is complex, the regulations are tightening, while cost-cutting is in high demand, compliency is crucial and has the means to remove this worry for you!

Dedicated specifically to healthcare providers, SHN serves as a common platform for the secure, fast exchange of information between healthcare related applications, providers and academic institutions.

SHN transforms the way in which Rural Healthcare Providers serve their patients.

HEALTHCARE

SHN helps to ensure providers are HIPAA Compliant. Access is available to Hospitals, Clinics, Physician Groups, Radiologists, Insurance Agencies and Application Service Providers.

With unreliable, slow, unsecure public Internet access, rural healthcare providers are severely limited in the resources available to them, in turn drastically impacting the quality of service they can offer.

In addition to connecting key healthcare facilities, SHN gives access to academic centers, hosted electronic medical records, data centers, clinical consultants and educational resources.

NETWORK

Private, exclusive, fiber-optic network that was built to connect key healthcare facilities to the Internet, and each other.

Funding available for the rural healthcare providers makes these technological advances and enhanced access a reality. Some locations may be eligible for funding that pays up to 65% of their costs to connect to SHN.

Bandwidth provided by SHN supports: High Definition Video Conferencing, Telemedicine, Rapid Transfer of Medical Images, Electronic Health and Medical Records

An ECG (heart rate) line is drawn across the middle of the page. It features three distinct peaks. The word "Spirit" is written in blue, bold font, with the first peak of the ECG line passing through the letter 'i'. The word "Healthcare Network" is written in red and black, with the second peak of the ECG line passing through the letter 'e'. The word "Network" is in black, and "Healthcare" is in red. A blue heart outline is positioned to the right of the text, with a small blue circle at its bottom tip.
