SPIRIT COMMUNICATIONS PARTNERS WITH NORTH AUGUSTA TO OFFER FREE DOWNTOWN WI-FI

North Augusta, SC, October 28, 2016– Spirit Communications, South Carolina’s leading provider of voice, data, Internet, and fiber optic solutions, is teaming up with the City of North Augusta to provide free Wi-Fi in its downtown area stretching over an area of 5 blocks. Mayor Lark Jones said “We have been working for some time to reinvigorate our downtown. Recent successful events in downtown have created a buzz and it is our hope that free Wi-Fi will be something that attracts people to shop, dine, and recreate here. We are grateful to Spirit for providing the bandwidth to the City.”

When scanning for available Wi-Fi, users will see the #Spirit4U network and can log on for free to access the Internet while in the Downtown area.

“The City of North Augusta is a vibrant and growing area and we are excited to enhance our partnership by bringing in new technology and support for the citizens, events and local businesses” said Roddy Broadnax Director of Marketing with Spirit Communications.
